14 'Traitors' Arrested By Gen. Naquib

No Specific Charges Made By The Police

CARIO (AP)- President Mohammed Naguib's government arrested former Premier Mustafa Nahas, his wife and 12 other onetime Egyptian bigwigs today. All 14 face trial before a special court created to deal with "traitors" to the revolutionary regime and corruption during the time of ex-King Farouk. No specific charges were announced against any of the 14. It

would appear before the court. The roundup came as the threeman special tribunal prepared to begin trials of alleged plotters. The court hearings were scheduled to open later today and to remain in session throughout the three-year 'transition period' - proclaimed last January-in which Egypt is operating under a provisional constitution. Political parties have been banned during that period.

also was not known when they

Those arrested today included leaders of two once powerful political parties, several close advisers of Farouk and other persons prevlously accused of corruption under the monarchy.

Nahas, premier of the Wafdist government that governed Egypt from 1949 to 1952, his wife, and Hafez Affifi, former chief of Fa-(Continued On Second Page)

Major Policy Declaration Of Soviet Aired By Vishinsky

UNITED NATIONS, N. Y. (AP)-Russia called upon the U. N. today to impose an unconditional ban on the production of atomic and hydrogen weapons without delay.

The Soviet proposal was laid before the 60-nation Housing Administrator Al- would be, if true, one of the most General Assembly during a major policy declaration by Dep- bert M. Cole said today the sensational cloak-and-dagger incidents of generations:

Monroe Asked uty Foreign Minister Andrie Y. Vishinsky.

The Soviet delegate also served notice that Russia was ready to make a vigorous fight to get the Assembly to revise its earlier decision barring neutral countries as representatives at the Korean peace conference. The Communist demands on this, he said, are justified and must be met.

The Soviet proposals on atomic control included hydrogen weapons by name, but otherwise followed closely Soviet disarmament resolutions of previous sessions.

Vishinsky assailed the United States as the real cause of world tension, charged Western policy in Germany threatened to touch off a new war and declared the North Atlantic Treaty Organization was aimed at weakening the U. N.

The Soviet disarmament resolution-first Soviet move on this subject since the death of Stalin and the accession of Georgi Malenkov to power-had four points: 1. Immediate and unconditional

prohibition of the atomic and hydrogen bombs with the Security Council-where Russia has the veto -to supervise compliance. 2. Immediate one-third reduction

PIONEERS A NEW DIMENSION IN TV SOUND-WITH TRIO-PHONIC HI-FI

Hoffman crashes TV sound barrier. Other TV sets give you the middle range of television sound. (See chart.) But Hoffman's new Trio-phonic Hi-Fi is engineered to deliver all the high and low notes your ear can hear . . . and add new tonal character to the entire sound range. It's high-fidelity sound built into television for the first time. Features new crossover network, dual speakers, 10 watts of push-pull output. You must bear it to believe it!

Exclusive Easy-Vision.* Combined with Hoffman's great new advance in sound is TV's one real optical advance - the Easy-Vision* golden lens. It changes bluish TV light into restful, natural rays . . . makes viewing much more enjoyable. You can watch all you want with eye comfort - and the longer you look, the more you'll appreciate Easy-Vision.*

such distinctive, such beautiful TV cabinet designs. The new '54 Hoffman line has exactly what you want, at the price you'd like to pay. See the new models now!

Pleasant conversation flowed, business men with unfinished business took it with them to the stadium and, not having to bother with what was happening on the field, cleared up the work and so had Sunday's free.

There was little betting on the games. What little there was was chiefly on how many times No. 88 or No. 14 would leave and reenter the game within three minutes, and how often the officials would blow their tops keeping tab on the fugitives from the bench.

Listening to the game over the radio wasn't much fun, though. The broadcasts all sounded as if the announcer was reading through a telephone book.

The game this season is likely to be dull. Spectators might have to look at a football game, not a relay race, once again.

Dejoie, welfare visitor, Miss Alice Hardesty welfare visitor, and Mrs. Clara M. Collins, clerk I, Orleans parish.

Jobless Burden

PROVIDENCE, R. I.-In most states the top rate of unemployment insurance is 2.7 per cent of payrolls. The theory is that this rate provides enough money to pay current jobless benefits and at the same time create a reserve. But this didn't work out in Rhode Island. From 1940 to 1950, benefits amounted to more than 2 per cent of payrolls and in the last five years of that decade the State was paying out more than it took in, with the 1949 cost running as high as 6.2 per cent.

Announce New Way To Shrink Painful Piles

Find Healing Substance That Does Both-Relieves Pain-Shrinks Hemorrhoids

New York, N. Y. (Special) - | For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to stop

bleeding-without surgery.
In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all-this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements

problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) -the discovery of a worldfamous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

Now this new healing substance is offered in ointment form for hemorrhoids under the name Preparation H.* The price is only 98¢ a tube including an applicator. The name to ask for is Preparation H-at all drug stores. And remember-if not satisfied-your money will be reas "Piles have ceased to be a | funded promptly.

U. S Cut Affects La. Employment Security Budget

of more than \$19,630,000 by Congress in itsappropriations to the states for operating expenses of administration of their various unemployment insurance laws, the Lousiana division of employment security must operate during the fiscal year, 1953-1954, on \$199,449 less than the previous year.

Louisiana's allowance for administrative expenses for the year beginning July 1, 1953, set by the budget department of the bureau of employment security U. S. Department of Labor, is \$2,595,532 or \$330,532 less than the division's budget request of \$2.925,770. J. Hadley Heard employment security administrator, said.

To meet this drastic budget cut, Heard said today that it would be necessary for the agency to terminate the services of approximately twenty employees, transfer others, close its four district offices, close two of its twenty - three local offices, and retrench in non - personal categories such as equipment and supplies. Avoid damage to plants and bolls. Defoliate the CYANAMID WAY Because AERO* Cyanamid, Special Grade, is a true defoliant, it acts like a light frost, removing the leaves without burning the plants or bolls. And Cyanamid offers a wide margin of safety in application. Slightly more than the suggested dosage will not freeze the leaves to the plant or burn the bolls . . . and if slightly less than the recommended dosage is applied, you can still get reasonably good defoliation. AERO Cyanamid, Special Grade, the original dust defoliant, is a nitrogen-based material which leaves no undesirable, detrimental or damaging residues. Arrange now to defoliate the Cyanamid Way for cleaner cotton and a higher price at the gin. Write for new, fully illustrated booklet. One Of Top **Reds Now** 'Ill', Report

By PHIL NEWSOM United Press Foreign Anaylst Until about a month ago, Anatol Iossifovich Lavrentiev was eating

high on the hog. Then trouble befell. Now Lavrentiev is reported "ill"-and no won-

Lavrentiev is 49 years old, a balding, stocky man who is Russian ambassador to Iran. Until last month's sudden coup which saw the downfall of Iranian Premier Mohammed Mossadegh and restoration of the Shah, it looked as if Lavrentiev was about to hand to the Russians one of their biggest prizes.

Iran seemed ready to fall to com-

It was the second time that disaster had struck Lavrentiev, once regarded as one of communism's brightest, younger lights.

It was he who failed to read the signs in Yugoslavia correctly. Yugoslavia's Marshal Tito reportedly put the finger on him in 1947. That That was the period when the Yugoslav-Soviet crisis was at its height, and Tito was supposed to have complained to Soviet Foreign Minister Vyacheslav Molotov that Lavrentiev was "stupid."

"He may be stupid," Molotov is said to have replied, "but he is a good Communist."

It was perhaps natural that Molotov, who has made a career of mediocrity, should choose such a one as his own particular favorite. At any rate, Lavrentiev was

around as Russian ambassador to Yugoslavia when the big split occurred

Lavrentiev is of the Communist school of "economic" diplomats which produced such really brilliant men as Jacob Malik and Andrei Gromyko, both of whom have been formidable antagonists of the United States in the United Na-

His arrival was followed by the flight of the Shah and by violent pro - Communist demonstrations staged by the Communist Tudeh party. But, with success almost in his grasp, it was torn away

Promised For All Vegetables MADISON, Wis., (P)-Hybridization, which revolutionized corn production, may soon be extended to various other vegetables, promising higher yields and quality, a University of Wisconsin horticulturist has reported. Dr. W. H. Gabelman told the annual convention of the American Institute of Biological Sciences (AIBS) that prospects look good for furnishing the American dinner table with hybrid onions, beets, carrets, celery and swiss chard. A hybrid is a plant developed from two different varieties of the

made it possible to overcome a difficulty which hitherto has limited hybridization to corn alone on a practical economic scale. Hybridization has meant tremendous increases in corn yield and quality. Gabelman declared. The difficulty, in the case of other vegetables, has been in finding economical ways to crosspollinate two different varieties of

same vegetable. The scientist said

a new horticultural discovery has

these plants in order to produce hybrid seed: With corn, the situation is easy. Pickers merely go down a row of corn and take the pollen-containing tassels off the plants that are to be saved for seed. These plants are then sterile as far as their "male" component is concerned. But, nearby plants of another corn variety furnish pollen which is carried by wind or insects to the pollen-sterile plants, resulting in

production of hybrid seed. The following year, hybrid corn is grown from such seed. But other crops don't lend themprocess. Thus, any production of hybrids from them has necessita-The allowance will be reduced More than a hundred time-yel- poleon's dream of controlling the ted the very tedious task of reevery four months as your train- lowed manuscripts, books, doc- Mississippi Valley and reviving moving all pollen-carrying parts ing progresses. PAINT BY NUMBERS—Searcy & Stone Wholesale Campany, 608 North 18th St., invite Retail Merchants out to view their stock of Craft Master Oil Painting Sets, the rage of the country. Miss Doris Williamson, above, is shown demonstrating the painting set. With a generous supply of the finest oil paints in each set, the finished product will amaze you at its quality when all you do is follow the numbers. Now being carried by many local firms, Searcy & Stone still have sets in supply to fill orders from retail merchants. (Staff Photo by John Fogleman)

New Camera Store And Studio Opens

Daly's Camera Store & Studio. 218 Grammont, formerly Ed Hayman's Studio, is open for business. Daly's is owned and managed by Aubrey Daly, who has been in the photographic business almost all of his life. He served with the photographic section of the Air Force in World War I and after the Armistice, remained in Europe as an official War Graves photographer. From 1919 until he came to the USA in 1934 he was almost continually in the portrait and photographic business in France, Belgium and Spain. In 1935, he opened up businesses in Corpus Christi and Kingsville, Texas and operated these stores until 1947 when he sold out and spent several years in Europe and Australia, where he was born. Shortly after returning to the USA he met Ed Hayman in Texas and in June, Aubrey and his wife Paulette came to visit him in Monroe, and liked the town so much that they bought The store on 218 Grammont St. has been completely ro modelled and air-conditioned and new equipment has been added for speedier and better finishing for amateurs and finer portraits from the studio.

This week there is a very lovely display of heavy oil hand colored portraits on exhibition in the store Aubrey Daly and his vife, Paulette are at home at 3001 South Grand.

A Formal Opening is planned for next Friday the 25th and Saturday the 26th, September. Watch the advertisement in next Thursday's paper. Many valuable prizes will be given away free, including an 8 mm Movie Camera, an Ansco camera complete with flash-gun, bulbs and rolls of film and carring case, free Studio portraits and other valuable prizes. Do not fail to come by next Friday and Saturday and register. You do not have to buy anything to register - you may be one of the lucky winners.

Busy Day For Firemen MILAN, Tenn., Sept. 18 -UP-Firemen stopped battling a grass fire Thursday to put out a fire in the fire truck. The fire engine was parked too close to the blaze and caught fire.
